Description

The Andaman and Nicobar Islands are a group of over 500 islands located in the Bay of Bengal, known for their stunning beaches, rich biodiversity, and strategic importance. With Port Blair as the capital, the islands are divided into two main groups: Andaman in the north and Nicobar in the south. These tropical islands are famous for white sandy beaches, coral reefs, dense rainforests, and exotic marine life, making them a top tourist destination. Historically, they served as a British penal colony, with the infamous Cellular Jail symbolizing India's freedom struggle. The islands are also home to several indigenous tribes like the Jarwa, Onge, and Sentinelese, some of whom remain completely isolated. Popular attractions include Havelock Island, Radhanagar Beach, Baratang's limestone caves, and Ross Island. The region is also strategically vital for India due to its proximity to international sea routes and is home to the country's only tri-services military command. Accessible by air and sea, the Andaman and Nicobar Islands offer a perfect blend of natural beauty, cultural heritage, and adventure.
